

ECONOMICS - ASSET MANAGEMENT CONCENTRATION (B.A.) (COMBINED B.A./M.S. BUSINESS ANALYTICS)

Students majoring in Economics with a concentration in Asset Management have the unique opportunity to learn economic principles while maintaining a special focus on its financial aspects. Firms nowadays are embracing analytics methods at various points across the asset-management value chain, producing increased sophistication in distribution, better investment decision making and improvement in middle- and back-office productivity. A combined BA Economics with Asset Management concentration/ MS Business Analytics degree will enhance a student's asset management techniques with data-driven analytical programming skills.

The "4 + 1" Bachelor's/MS in Business Analytics (MSBA) is a five year program, during which students will spend three years taking courses required for their chosen bachelor's degree program and in their fourth year, they will complete (along with required undergraduate program courses) 6 credits worth of MSBA coursework. This will satisfy both undergraduate degree requirements and count toward achievement of the MSBA degree. In the fifth year, students will take graduate courses required to complete the MS in Business Analytics Degree. Students interested in this option can find more information regarding program requirements on the University's Combined Programs website. (<https://www.montclair.edu/combined-programs/programs-of-study/>)

Program Requirements

Students in this combined degree program must complete the requirements for:

Economics - Asset Management Concentration (B.A.) (<http://catalog.montclair.edu/programs/economics-asset-management-concentration-ba/>)

Business Analytics (M.S.) (<http://catalog.montclair.edu/programs/business-analytics-ms/>)

Graduate Swing Courses

A combined degree program allows students to complete 6-12 graduate credits ("graduate swing courses") while enrolled as an undergraduate. These courses count for both their bachelor and master's degrees. Graduate swing courses will count toward undergraduate free electives, unless noted otherwise.

The Graduate Swing Courses for this program:

Code	Title	Credits
