SUSTAINABILITY SCIENCE (B.S.) (COMBINED B.S./M.S. SUSTAINABILITY SCIENCE)

A Combined Degree program enables undergraduate students to enroll in graduate courses in their senior year, which can be counted towards the completion of both their Bachelor's and Master's degree requirements. The ability to take these "swing courses" allows students to earn both their Bachelor's and Master's degrees in a shortened period of time, typically within five years. Undergraduate students interested in this option can find more information regarding program requirements on the University's Combined Programs website (https://www.montclair.edu/combined-programs/programs-of-study/).

Program Requirements

Students in this combined degree program must complete the requirements for:

Sustainability Science Major (B.S.) (http://catalog.montclair.edu/programs/sustainability-science-bs/)

Sustainability Science (M.S.) (http://catalog.montclair.edu/programs/sustainability-science-ms/)

Graduate Swing Courses

A combined degree program allows students to complete 6-12 graduate credits ("graduate swing courses") while enrolled as an undergraduate. These courses count for both their bachelor and master's degrees. Graduate swing courses will count toward undergraduate free electives, unless noted otherwise.

The Graduate Swing Courses for this program:

Code	Title	Credits
Required Courses		
EAES 509	Current Issues in Sustainability Science	3
EAES 575	Environmental Economics	3
EAES 591	Methods in Environmental Research	3
Elective Graduate Courses		
Select one of the following:		3-4
ANTH 529	Building Sustainable Communities	
BIOL 570	Ecology	
BIOL 595	Conservation Biology: The Preservation of Biological Diversity	
EAES 505	Environmental Geoscience	
EAES 533	Water Resource Management	
EAES 560	Environmental Law	
EAES 561	Environmental Law and Policy	
EAES 562	Waste Management	
EAES 563	Natural Resource Management	
EAES 565	Environmental Change and Communication	
EAES 660	Seminar in Environmental Management	
Total Credits		**12**
